Disclaimer:

Non-GAAP measures

Certain non-GAAP (generally accepted accounting principles) measures, such as profit/(loss) before net finance costs and taxation including share of results of investments accounted for using the equity method and segment profit/(loss) excluding provision for impairment of other assets, are used for assessing the Group's performance. These non-GAAP measures are not expressly permitted measures under GAAP in Hong Kong and may not be comparable to similarly titled measures for other companies. Accordingly, such non-GAAP measures should not be considered as an alternative to operating income as an indicator of the operating performance of the Group or as an alternative to cash flows from operating activities as a measure of liquidity. The use of non-GAAP measures is provided solely to enhance the overall understanding of the Group's current financial performance. Additionally, since the Group has historically reported certain non-GAAP results to investors, it is considered the inclusion of non-GAAP measures provides consistency in the Group's financial reporting.

Under the Ule Share Incentive Options, a total of 100,000,000 ordinary shares (based on the current par value of US\$0.00001 each) were reserved, of which 43.71% of the Ule Share Incentive Options representing 43,711,860 shares ("Ule Major Shareholder Options") were approved to be granted to one of Ule Holdings' major shareholders ("Ule Major Shareholder"), subject to the completion of a deed ("Deed") signed by Ule Holdings and all of its shareholders, and the remaining 56.29% of the Ule Share Incentive Options representing 56,288,140 shares ("Ule Other Options") were approved to be granted to directors, employees and consultants of Ule and such other persons contributing to Ule, subject to determination of the details of Ule Other Options by the Ule remuneration committee ("Ule Committee").

As at 30 June 2018, as if the Ule Share Incentive Options were all granted, fully vested and exercised, Ule Holdings would be held as to 43.08%, 38.75%, 13.18% and 4.99% by Ule Major Shareholder, a non-wholly owned subsidiary of the Group, certain investors and holders of Ule Other Options respectively on a fully diluted basis.

As the options only vest upon a Qualified IPO, Ule Holdings did not recognise any share-based compensation expense for the period then ended.
